I would like to reject the proposed amendment.

This amendment puts the value of my property [REDACTED] at risk.

Ballarat City Council should have put this proposal in place when the land was subdivided.

The council is showing their incompetence by making this proposal years after they should have put this in place.

The area has not changed since the land was subdivided. Why didn't council propose this pre this time?

Is Council prepared to compensate me as a property owner for their incompetence?

Thanks [REDACTED]
