Your Reference: Ballarat Planning Scheme Amendment C217ball

This is my submission opposing the Planning Scheme Amendment in its current form as it includes my property, [REDACTED], within the orbit of the Amendment when it should not be included.

The map "Ballarat_C217ball_Isio-foMap29_Exhibition" indicates that 99.9% of my property is outside the area LSI02 and FO2 as drawn on the map.

Additional documents, supplied by the Council's own Strategic Planning Department and attached to this email, support the fact that my property is outside this area and therefore should not be subject to this amendment.

If additional information is required please contact me at the above email address, or on the mobile phone number below, and I will endeavour to provide it.

Kind Regards
