Dear [redacted]

Thanks for your time yesterday and thankyou for the documents ([redacted] was able to forward to me).

I think it's worth making a submission as I seek some further clarity.

My details as required for the submission are as follows -

[redacted]

Ref. Ballarat Planning Scheme Amendment C217ball
Statement: I am concerned that applying the worst-case scenario to 2100 overstates the actual risk and results in the overlays being applied more broadly than is warranted. I would like to further understand the flood modelling through seeking further technical evidence and advice.

Please also add me to your list of concerned parties [redacted] (hopefully that works next time!).

Thanks and Regards
