Good Morning [REDACTED], Thank you for meeting with us yesterday and for explaining the proposed flood overlay.

In reference to "Ballarat Planning Scheme Amendment C217ball"

After considering the details of the attachments, I would like to submit the following feedback:

I oppose the amendment on the grounds that:

It appears that the extent of the flooding shown is not in proportion with the extent of the overlay, and I think that it encroaches further on to my property than is necessary.

Additionally, the depth of the flooding shown is quite shallow.

Therefore, I request that the flooding shown be removed or altered to more accurately reflect the true extent of the overlay

Kind Regards,

[REDACTED]
